Notes:

- 1 Chem 275 can be taken in place of either general chemistry lab and counts as a LASC 2. Students in LC will either take Biol 100 or Chem 275.
- 2 Math courses depend on initial placement. Trig or Pre-calc is a pre-requisite to take Physics 160.
- 3 Make sure to consult the LASC policy and take a minimum of 40 credits of LASC courses. Some LASC courses double count, making room to add a minor or second major.
- 4 Any BIOL courses are eligible, but at least 12 credits must be 300+ level.
- 5 If you have taken or are concurrently enrolled in calculus, PHYS 200 and 201 are recommended.
- 6 Research and/or internship credits are recommended. A maximum of 3 credits of BIOL 469 and 3 credits of BIOL 497 or BCBT 397 may count towards the restricted electives credit total.
