

## Topic: Calendar

### Overview

Go to **Materials** & **Calendar** on the top nav bar on your course homepage.

The Calendar tool can be used to create course, organization and personal events and integrate course content that can be viewed by individuals enrolled in the course.

Course objects are automatically synced to the calendar tool once you are enrolled in a course.

You can also sync the events on the calendar to your personal calendar (i.e. Google calendar, iPhone, Android and Blackberry) by using iCal.
